Angel Flight East is one of over 60 Volunteer Pilot Organizations under the Air Care Alliance

Our History

- Established in 1992 by a local pilot in response to Hurricane Andrew
- We have grown from 17 flights in our first year to over 1,000 flights per year
- Based at Wings Field (KLOM) in Blue Bell, PA

How We Help

Angel Flight East provides free air transportation to patients and their families by arranging flights to distant medical facilities, delivering supplies to disaster areas, and reuniting families during desperate times.

Because healing should be about getting better, not getting there.
